

TAKE HOME CARD

To estimate your home's annual energy costs, add up the following:

\$ _____ monthly electricity bills
(e.g. total of bills January – December)

\$ _____ bills for heating
(e.g. all oil, wood or other heat source bills for year)

\$ _____ bills for fuels for other tasks
(e.g. bills for any propane, natural gas to run things like stoves and dryers)

\$ _____ TOTAL estimate of home's annual cost
